

COUNTY CORRESPONDENCE

Artemus

The clever manager of the Warren Baseball Club, who, among other things, is quite a versatile scribe, has been endeavoring to ascertain from various ones who are the heaviest hitters on the Artemus team. When the query was propounded to Manager Jones, of Artemus, his laconic reply was: "At the next game played, we will proceed to elucidate the tenebrosity of the situation."

The Advocate's clever Warren correspondent, is quite a ladies man and the walls of his den holds quite a collection of photos of the fair sex. Being desirous of adding further to his collection of photos of Kentucky's fair sex, he was overheard asking a young damsel the other day: "Mundane specimen of beautiful femininity, will you not grant me the exquisite pleasure of a dapperreotype expression of the similitude of your pulchritude?" We, like the young lady fainted away.

Harry Feather, Master Mechanic, and Harvey Cloyd, Boiler-maker Foreman of the L. & N., at Corbin, transacted business for their company at Artemus Monday.

Mr. and Mrs. W. B. Starks are taking their vacation with relatives in Virginia and North Carolina this week.

The Bennettsville team crossed bats with the Artemus team Saturday on the local lots, which resulted in a defeat for the locals by a score of six to two. Up to the fifth inning neither side scored and for the first four innings, not a man on either side reached second base. Two errors in the fifth enabled the visitors to get a man on first and second base. The ball was then hit to short and in making the throw to third the slippery pill got away and before the local boy could again get control three Bennettsville players had crossed the plate. The local boys managed to count a couple on tallies in the seventh in which inning the visitors added two more to their trip and the game ended with the score 5 to 2. Taking out the errors made by the local boys in the 5th and 7th innings this was a very fast game and was enjoyed by a large crowd.

Rev. J. A. Lowry, of Barbourville, filled his appointment at the Baptist Church Sunday and Sunday night.

Manager Helton, of the Artemus Terrors, took his team to Himyar Sunday to play the crack Farmer lads at that point. Helton sought to change his lineup a little in the fifth inning, to which the Himyar boys objected and resulted in the game being forfeited to Artemus.

Capt. T. J. Payne, the popular Deputy Sheriff, transacted business in Barbourville Tuesday.

General Manager Haden, of the Cumberland, spent Wednesday and Thursday in Louisville.

M. J. McCloskey, who has large contracting interests in Louisville spent Saturday and Sunday in Artemus.

L. E. Holton, our genial Postmaster and Merchant, hobnobbed with the Louisville Boosters in Barbourville Tuesday.

J. R. Lytle, the General Superintendent of the Asher lumber operations on Harp Creek, regaled his many friends with his inimitable jokes Tuesday.

Col J. T. Bradley, the Brush Creek coal magnate, passed through our village Tuesday en route home.

Dr. J. S. Scalf, was in Artemus Tuesday in the interest of his medical enterprises.

Mrs. J. A. McBrayer of Pineville, visited her daughter Mrs. John C. McNeil, Monday and Tuesday.

Joe Stewart, who has been at home for several weeks, received notice Tuesday to report at Hazard on the L. & N. for work in the office there. Joe has been the Catcher for the Artemus team and the boys will find his place hard to fill. He is also quite popular with the fair sex of our village and they will miss him very much.

That Spring is at last here, and the summer months with all their heat and burning rays of the sun are upon us, it was evidenced more than ever Sunday when two of Artemus' finest appeared sporting their Palm Beach suits. Those of the less fortunate—and may we not confess more ignorant at regards style, assumed an envious attitude. However the example having been set, it is to be presumed that Palm Beach suits will be more in evidence than ever. Ye scribe, whose knowledge of styles is equaled only by the flatness of his purse, will have to content himself with a different suit. For particulars as to that, see Bill Price.

For several days past, we have been intently watching the standing of teams in the Illinois and the Coalfield Leagues and for some unaccountable reason, the class of ball that is being played there of recent appears, to forcibly express it in the language of the street "Bum," "Rotten" "Digusting" etc. We thought we might secure some information by writing to the Headquarters of Organized Ball but "O. B." had no information and referred us to the Feds. Our good friend Gilmore couldn't say anything, except that Sam Carmack had cleaned out these leagues by being a thing of the past within a very short time and that before many moons we might see Tyrus, the Georgia Peach, Lajne, and all the rest of the fans' idols romping over the sward at Lunsford. Shades of Amos Rusie! What are we coming to?

We don't know what Artemus is going to do since Joe Stewart has left us. Tom Cox has been put in as a substitute catcher. As the kid said: "He aint no catcher, he can't play mumble-peg."

We noticed Saturday that Manager Jones put Tom Hayden pitching for his team. If the doctor wants to experiment further, he might try yours truly and then the team would blow up.

John McNeil ought to make a good hunter, judging from the way in which he shoots snipes.

Having acquitted himself well as a pool shark, "Skinner" Kinder has resumed his usual duties as a "shrek" on the Cumberland and Passenger.

Floyd Rice, the clever "hog-head on the Cumberland, spent Saturday in Pineville. Rumor has it that he is quite a student of furniture and the zephyr-gently whisper "Matrimony". We will wait and we shall see.

A good town, like the aroma from an egg of the vintage of '76 cannot be kept down. The latest in the way of improvements is an addition to the pool-room.

Trosper

Sunday School is progressing nicely at this place.

Geo. Sharp and wife left last week for Middlesboro, where she will undergo an operation.

Mrs. McDonald has returned home from Baile's Switch.

Miss Ruth Cox is visiting her grandparents.

Mrs. G. W. Norman has returned from Barbourville where she has been on a visit.

WHAT CATARRH IS

It has been said that every third person has catarrh in some form. Science has shown that nasal catarrh often indicates a general weakness of the body; and local treatments in the form of snuffs and vapors do little, if any good.

To correct catarrh you should treat its cause by enriching your blood with the oil-food in Scott's Emulsion which is a medicinal food and a building tonic, free from alcohol or any harmful drugs. Try it. Scott & Borne, Bloomfield, N. J.

Jas. J. Price of Corbin was the week end guest of Chas. McDonald and family.

D. P. Martin and two sons left for Oak Hill, N. C. Saturday. They will visit in Virginia also.

Misses Ella McDonald and Elizabeth Lettner were shopping in Warren Tuesday.

GUARANTEE. Every bottle bearing the likeness of L. K. Grigsby, is guaranteed to give satisfaction or your money will be returned. For sale by all druggists in 50c and \$1-size bottles.

DIXIE HIGHWAY ASSOCIATION

Continued from First Page.

W. J. Sparks, of Mt. Vernon, Ky., one of the prime movers in Kentucky good roads was chosen President; W. C. Culkins, of Cincinnati was elected vice President for Ohio. Judge W. T. Simmons, of Williamstown, vice President for Kentucky and A. F. Sanford of Knoxville, vice President for Tennessee. The president was empowered to appoint the secretary and treasurer. He has named James Maret, the Boone Way man, of Mt. Vernon to the secretary's place, and Fred L. Durham, of the same town as treasurer.

Outstanding among the features of the days busy activities were the attendance of the officials of the Southern Railway and Queen & Crescent Route; addresses by numerous good road advocates, including the secretary of the Dixie Highway Association, W. S. Gilbreth, of Chattanooga, State Highway Commissioners Robert C. Terrell, and others, and the adoption of a resolution declaring it the sense of the meeting that the Association support as far as possible men for National office who will urge passage "of such measures as will secure the building" of good roads everywhere.

The resolution was introduced by J. Frank White, of Cumberland Gap, the liveliest wire on the route, except Joe Bosworth.

Secretary Gilbreth declared that the specifications would not be uniform since that would work a hardship on various parts

of the country, except in matters of excellence. Portions of the road, he said, would be composed of asphalt, concrete and macadam. Any roadway accepted by the State Government of Kentucky, and built under the State supervision will be acceptable to the commission. State Commissioner Terrell made it plain in his address that his office would not be too stringent upon the mountains in way of specifications and said a properly constructed road, thru the mountain territory, with a spread of nine feet of macadam would be accepted by the State provided of course other portions of construction specifications are adhered to. These statements from headquarters gives quite a relief to the citizens of the mountains of South-eastern Kentucky and East Tennessee who had feared that the Dixie specifications would be made burdensome or possible beyond our power of fulfilling.

About one hundred delegates were present representing the various counties along the Eastern Route.

All residents of any of the counties which Dixie Highway passes (between Cincinnati and Chattanooga) who shall pay a membership fee of \$1 shall be entitled to membership in the association, which membership shall be indicated by a button selected by the officers of the Association and furnished by the secretary.

All county Judges, county attorneys and members of Fiscal Courts and County Courts shall be ex-officio members of the general organization without the payment of initiation fee.

Before adjournment the president called a meeting to convene at Pineville on Friday June 18th at 10 a. m. The mountain city was chosen because of the work being done there now on the Bell county roads which are to be an incentive to other portions of Dixie Highway to push their work; when the delegates from Cincinnati to Chattanooga including twenty-three intermediate counties gather further to take up the work of actual construction within the specified time.

It is of the utmost importance that all members along the line, and others interested in the early completion of this most important highway, shall be present at the Pineville meeting on Friday June 18th at 10 a. m.
